

Have men evolved much over the last 10,000 years? I don't think so. All Things Caveman is a cartoon sayings book of funny and insightful observations of the modern male in all his caveman glory. All men are cavemen. In other words, give a man a burger, a recliner and the remote control and he's a happy camper! This little book celebrates all things caveman. It will help you understand that hairy man walking through life beside you. -Within every man beats the heart of a caveman. -Evolution is just one big word that means caveman grew up. -Don't get all caveman on me. On second thought, do! -Cavewomen talk feelings. Cavemen talk football. -I think, therefore I'm hungry. -The Cow is a beast we can conquer. -Bread was invented to hold caveman meat in. -Football was created as caveman's excuse to hit people and get away with it. -To caveman, life is just one big scorecard. Inspired by the novel The Caveman Theory By Laurie Foxx.
