

Birth, and death. Two ends of the same spectrum. And sometimes the only person standing between is a tired, overworked resident with personal problems of her own. Welcome to the world of Catching Babies. In the halls of a busy metropolitan teaching hospital, a group of OB/GYN doctors complete their residencies and embark on ambitious careers, all while trying to hold their lives together at the seams. Jay is running from a life heâ€™s tried to leave behind, while Katie sacrifices everything she has to serve an endless parade of needy patients. Anna is out trying to save the world, while Tracy is trying to save twins dying in utero. Based on true stories from delivery rooms and labor decks, Catching Babies spins the doctorsâ€™ stories into a gripping mosaic of the obsessions, the anxieties, and the heroism of doctors who have chosen to preside over lifeâ€™s greatest medical dramaâ€”high-risk childbirth.
