

DAS VAMPIR is an excellent and rather retro treatment of the vampire legend that restores the eponymous monster to its horrifying roots. Rich, dark, and invested with a ruthless malevolence from the get go, author Tom Reinhart instills his short story with more horrific charm than any number of longer works. A short horror story from the author of Saint Monolith and Judgment, Das Vampir is an exciting tale with a different perspective on vampires. Its a dark and old school monster story; more akin to Bram Stoker or Nosferatu than the glitzy vampires so common today. Its told from two perspectives: The vampires, with the loneliness of being undead, the fear of the sun, the hiding in nasty places, the uncontrollable need to feed on the living; and that of the victims, as they fall to a bloodthirsty predator. Yea, though I walk through the valley of the shadow of death, I will fear no evil; For I have become evil, and I have become death, and I fear only the light of day. Because vampires should be terrifying. - Tom Reinhart www.TomReinhart.com
