

All new hand-drawn graphics. Gain a new understanding of time and yourself. Days to be calm, or wary, or to celebrate, to think, to plan, to know . . . it's all inside! Choose to follow one or all of the cycles—the sacred 260-day counts of the Tzolkin and Tonalpohualli, the secular 365-day calendars, the Mayan Long Count, and the Moon cycles. Discover the energy of portal, burner and assimilation days! Also includes affirmations and holidays—all in a portable format which can be used as a daily affirmations guide and astrological diary. More than just a calendar, this is an astrological guide to the Mayan and Aztec calendars, written by a Shaman of Mayanism. Jaguar Nights 2014 includes more in-depth information on the various calendar systems, and uses the GMT correlation, which placed the first day of Baktun 13 on December 21, 2012. This is the same correlation still used by Quiche daykeepers in Guatemala.
