

Men Talk is a series of quotes, thoughts and experiences of men I've come across in my life as well as some of my own. No one famous. All anonymous. Topics covered include sex of almost every kind, politics, pop culture, religion and philosophy as well as drug, alcohol, mental health, relationship and family issues. The book is intense, raw, very funny, very hot, insightful and touching. It is meant to entertain, validate, give insight and stimulate the reader. The basic premise is that a man can pick up this book and see that he is not alone in his thoughts, feelings, fears, pain and desires. A woman can read it and see what's going on in the minds of men. They can learn about thoughts and feelings that men often keep to themselves and even rarely share with other men.
