

When archaeologist Zoe Millers cousin is abducted by a vicious Russian kidnapper, she must come to grips with a haunting secret. Unknown to even her closest friends, Zoe is not entirely human. She is a werewolf and a daughter of the Fangborn, a hidden race of werewolves, vampires, and oracles. Zoes attempt to rescue her cousin leads her on a quest for artifacts - including Pandoras Box, an object of world-ending power. With the fate of humanity in the balance, Zoe will be forced to renew family ties and pit her own supernatural abilities against a dark and nefarious foe. At once captivating, deftly worded, and character-rich, Seven Kinds of Hell expands vampire legend and werewolf noir in both intensity and charismatic bite.
