

WHAT REALLY HAPPENS WHEN WE DIE? If you could talk to the dead, what would you ask? What would you want to know? The answers to your questions are in Collette Sinclaires books, beginning with *The Real Book of the Dead*. Acclaimed Psychic Medium Collette Sinclaire spent 5 years speaking with the spirits of those who have crossed over. These are genuine life and death stories of real people. Psychic medium Collette Sinclaire has brought their life stories and information forward to share with you. These are the honest and heartfelt narratives of lives lived, loves lost, opportunities taken and opportunities missed. You will read about great achievement and great heartbreak. You will learn some of the reasons why we are here, what it feels like to die and what awaits us on the other side. Collette has endured the difficult process of being the conduit for these souls to be able to tell their personal and often difficult tales of life and death, to be presented here. They have been related through her for all of us to better understand why we are here and that we are all the same underneath. That what we are all looking for is basically the same, but rarely do we recognize our deep inner need for happiness through fulfillment of our souls true calling; that is, those things which we seem to hear from our conscience, or that inner voice that spurs you to follow your dreams and your heart. This book is the culmination of many years of interviews of Collette speaking with the dead. These chronicles of lives lived, though sometimes sorrowful, are not meant to sadden you, but to light the way to understanding. It is each souls hope that by learning from their own life lessons - both from lessons they had successfully completed as well as those that they had failed - that you will find the way to a more contented life as well as a more powerful and happier self. These are not words to entertain or sway you. They are simply the words of lives once lived and what happened to these souls and what they experienced when they died. Some may strike a chord with you. Some may make your heart soar and others may make your heart sink, but they are all important in their own way. You may even recognize the voice of a departed soul as being similar to your own and in the process, find out why you are here yourself. If you have lost someone or are going through difficult times yourself, perhaps the information in these interviews can bring you understanding and comfort into your own life when you need it most. *The Real Book of the Dead* allows you to be with the departed as they relive their lives, their final moments of life through Murder, Suicide, Drug Overdoses, Auto Accidents and more, but most importantly, their experiences after death and what they experienced in the afterlife. Their riveting accounts bring comfort even in the darkest hours that life does indeed go on after death. Meet Joe's Wife, a widower visited by her spirit guide who gives her the strength and comfort to fight Breast Cancer and begin a new life. Meet Florence, caught in bed with another man, who was brutally raped and savagely beaten to death by her lover. Meet 25 different souls, their lives as different as can be, but all tied together by the one experience we all share - death. Learn from their lives and how to enjoy a better life as well as find out what to expect when we die, why were here and so much more. After reading their life and death stories, you may never be the same. The comfort, wisdom and the eternal answers to questions which we all seek are finally, stunningly revealed.
