

U.F.O.s examined, is a excellent visual history of what has been seen in the sky by ancient man until today. Perhaps one interesting insight into a possible origin of the U.F.O.s and more importantly the occupants that fly them is presented as well as other more wild possible origins. Detailed documented first had accounts of actual contact cases is examined in detail (plus over 70 documented crashed U.F.O.s from around the world) along with possible propulsion theory of how these craft are propelled through our airspace and even above our planet in outer-space as descibed by N.A.S.A. astronauts and seen on the moon!

Those mysterious UFO alloys that the government can't identify? with the objects and examined them for any physiological changes. This week will be 45 years since Calvin Parker and Charles Hickson told the world they were immobilized, picked up and examined by a UFO. A colleague of mine at To the Stars Academy, Luis Elizondo, used to run a Pentagon intelligence program that examined evidence of. UFO Investigations: The Science And The Will To Believe interviewed pilots that saw UFOs, and even examined people who claimed to have. Many researchers (called ufologists ) have theories about what UFOs might be, but because no one can examine a UFO in a scientific laboratory, all of these.
